	Safety cage equipped
	Damp Location: All Finishes with Metal Blades. **
	Proudly Assembled With U.S. Labor

The beautiful Kaye forward and reverse oscillating, 3-speed versatile-mount, wall or ceiling, fan, reminiscent of train cabin ventilators of yester-year, will cool down your favorite space with poise and determination. Kaye's profile is low, however its strength and character define it. Kaye can be mounted in small or awkward spaces or in front of HVAC ducts to make more efficient the heating, ventilation or air conditioning of your favorite space.

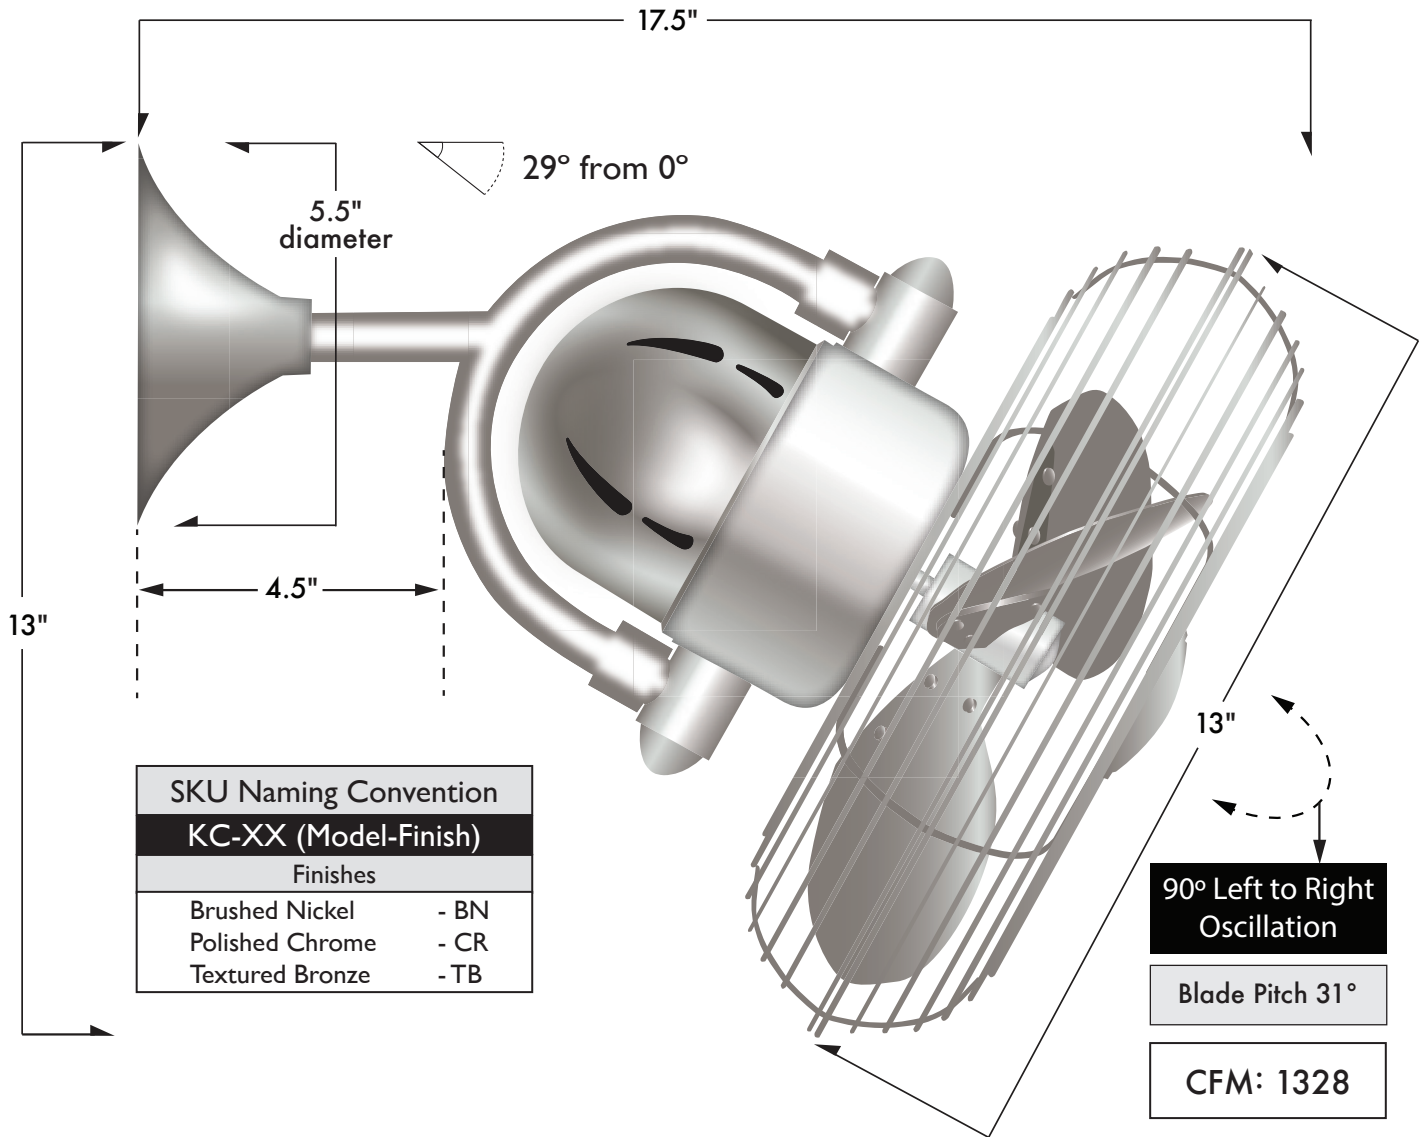

- Available in the following finishes: polished chrome, brushed nickel or textured bronze.
- Constructed of cast aluminum and heavy stamped steel.
- Limited Lifetime Warranty
- Equipped with hand-balanced metal blades and metal safety cages.
- 3-speed wall control and side-mounted wall junction box are included.
- A three-wire system is needed to operate the oscillation mechanism independent of the fan blades.

MATTHEWS

FAN COMPANY

Kaye
