

**“We love our Waste King, it makes clearing up a breeze!”**

Roger and Sam Anderson, Finchley

## WHY USE A WASTE DISPOSAL UNIT?

A waste disposal unit brings many benefits to a modern day kitchen and is no longer the preserve of expensive homes. With ever rising waste costs being passed on to the consumer and recycling schemes now mandatory, it makes perfect sense to invest in one:

- ✓ Disposes of kitchen waste instantly – all manner of scraps, leftovers, peelings, veg, fruit husks and even poultry bones.
- ✓ Saves time – clearing up is so much easier and quicker.
- ✓ Hygienic – no more rotting waste to deal with.
- ✓ Saves space – all that bulk food waste is gone.
- ✓ Stops vermin & insects – rats and vermin are no longer in your bins.
- ✓ Stops bad smells and mess – No more split bags to deal with.
- ✓ Reduces your recycling bins – saves time, space and mess.
- ✓ Saves landfills and greenhouse gas production.
- ✓ Recycles your waste into electricity.
- ✓ Greener and better than composting.
- ✓ Saves money on bin bags.

## WHAT COULD BE EASIER?

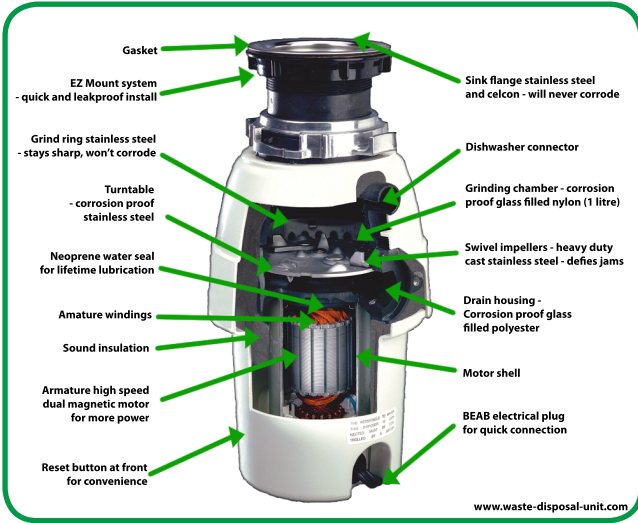

Just turn on the tap, push the air-switch button and throw in your waste. It is simply and safely ground into fine particles in seconds and then flushed down the sink to the sewage works. Here it is recycled into electricity avoiding the production of harmful greenhouse gases and adding to landfills – a double benefit for the environment!

# WHY BUY A WASTE KING?

**Waste King**  
International

Waste King is the largest disposer brand in the World and have made them for over 70 years. They are rated as the No 1 best buy by US Consumer Reports Magazine based on performance. They are the only brand to offer a lifetime corrosion warranty on all units and a Lifetime Warranty on selected models.

The units are easy to use, completely safe and being compact fit neatly under the sink.

## NOT ALL WASTE DISPOSERS ARE MADE THE SAME!

Below we compare 12 key features for the current UK market leader Insinkerator alongside Waste King and a much cheaper imitation called Waste Maid. Although Waste King is a far superior product in many respects, it is actually a cheaper and longer lasting product!

**SAVES YOU TIME, SPACE AND MONEY...AND HELPS THE ENVIRONMENT TOO!**

FEATURE	BENEFIT	WASTE KING	INSINKERATOR	WASTE MAID
